

Maintenance Agreement

Kohler Generators

WHAT YOU RECEIVE

SMO makes available to homeowners an agreement that covers one annual maintenance for a Kohler whole-home standby generator installed by SMO.

YOUR COST

\$384.00 (annually)

REQUIREMENTS

- Generator must be installed by SMO.
- Must be a Kohler standby generator.
- Kohler requires preventative maintenance to be performed at minimum once annually and every 75 hours on a 14-15KW and every 100 hours for 20KW.

LIMITATIONS

This maintenance agreement covers no additional parts other than what is listed under “Covered Services.” Labor is not included for any other generator parts. For a full list of terms and conditions, visit: SMOenergy.com/agreementterms.

TUNE UP & INSPECTION

The annual generator tune up and inspection will be performed once during the Maintenance Agreement term at the customer’s request. Generator is tested to ensure unit is fully operational and running at peak efficiency.

Tune up will only be performed Monday through Friday, between 8:00am and 4:30pm, except on holidays.

COVERED SERVICES

- Oil filter
- Air Filter
- Oil
- Spark Plugs

Full Inspection of Generator:

- Run a full system test inspection of battery.

Labor related to replacement of items above.
