

SMO LIMITED TANK REPLACEMENT WARRANTY *

This certificate provides you with the following:

1. COVERAGE:**

Customers with an above ground steel tank with a maximum capacity of 550 gallons may receive \$1,000 allowance toward the replacement of their oil tank when replacement is performed by SMO. Warranty will provide tank replacement allowance for tanks that leak due to corrosion or manufacturer's defects.

2. CONTINENCIES:

The Limited Tank Replacement Warranty Program coverage is contingent on the following:

- Warranty coverage becomes effective immediately after the tank has been inspected and accepted into the program
- The warranty is in effect for 12 months.
- Homeowner must purchase all of their heating oil requirements for the protected heating system from SMO.
- Tank damage caused by negligence or external factors such as accidents, weather conditions or natural disasters are not covered.
- Tank must be replaced by SMO
- In the event of a change of ownership within the coverage period, the SMO Limited Tank Replacement Warranty is transferable to the purchaser at SMO's discretion.

3. LIMITATIONS:

LIMITATION OF LIABILITY AND EXCLUSIVE REMEDY:

The exclusive remedy for any breach of the SMO Limited Tank Replacement Warranty Program or for defects in the tank caused by the manufacturer is limited to the payment up to \$1,000 for replacement of the tank as described above. All other damages or remedies, including but not limited to the following are disclaimed and are expressly excluded from this SMO Limited Tank Replacement Warranty: incidental, special and consequential damages incurred by the homeowner or third parties; parts and labor associated with repair of the tank or tank accessories; costs associated with pinging our oil and otherwise cleaning the tank as part of the replacement; repairs to oil lines to and from the tank; the replacement cost of any oil lost as a result of releases; environmental liabilities and clean-up costs and all other costs arising from or related to discharges of oil or releases of contaminants from the tank or piping; costs associated with disposing of any oil contained in the tank; fines and penalties; and claims for property damage or diminution of property value, including those alleged or incurred by third-parties.

*Discounted pricing for multiple units.

**Does not include any environmental clean-up in the event of a tank leak.
